(Graduate of U.S. Military Academy, West Point)

Professor of Tactics and Commandant of Cadets.

PRIMARY DEPARTMENT.

MRS. E. A. BIVENS.

REPORT.

To the Trustees of the State University of Georgia :

GENTLEMEN : — We respectfully present you with our Fifth Annual Report of the operations of the North Georgia Agricultural College. During the scholastic year, now closing, the attendance of pupils has reached 374, being a larger number than any previous year.

To properly instruct this number, we were compelled, at the beginning of the fall session, to add more teaching force to the institution. This we did by electing Prof. G. B. LAWRASON, of Louisiana, lately an assistant instructor in the Virginia Military Institute, of which institution he is a graduate. To meet this additional expense we relied somewhat upon the liberality of your Board, inasmuch as individual members thereof had given assurance that further aid would doubtless be extended to us. The failure to receive the Peabody donation of \$450 for the past two years, has likewise embarrassed us in making payments to our teachers and professors. The debts incurred have been solely to teachers, and unless met by an additional appropriation from the State Board in July, the number of teachers must be diminished, and the number of pupils likewise reduced. To enable us to provide instructors at all times for the large number of children who apply for admission, not less than five thousand dollars of the Agricultural Land Scrip Fund should be given to this school.

Finding that the State authorities could not furnish the necessary arms and accoutrements to enable us to organize the military department of the College as required by law, or to obtain a portion of the arms donated by the General Assembly to the State College, we made a direct appeal to Congress for aid. A bill was prepared and forwarded to Senator GORDON, authorizing the Secretary of War to furnish the necessary equipments, (all former appropriations of the sort having become exhausted) and also to detail an army officer to take charge of the Military department of the school. The bill became a law; the guns and accoutrements, with ammunition, were ordered, and First Lieutenant JOSEPH GARRARD, of Kentucky, (4th U. S. Artillery,) a graduate of West Point, was assigned, by special request of our Board, to the position of commandant of Cadets. This officer is, by an act of the last General Assembly of Georgia, a member of the Faculty of the College. Lieut. Garrard has been engaged, since about the first of March last, in getting his department in shape. A suitable room has been but recently fitted up for the safe keeping of the guns, ammunition, etc., and for the in-

struction of the students. In addition to the special duties assigned him in the military department, Lieut. Garrard has likewise performed such other duties as the Faculty have assigned him. It may be proper to state that the salary of this officer is paid by the general government. The uniform worn by the cadets is made of goods manufactured by the Concord Mills, in Cobb county, expressly for the College, and is delivered to the students at first cost, thus enabling them to obtain a complete outfit, including cap, for about \$13.00. If made up at home the cost will be less—about \$8.00. Every possible thing has been done to cheapen the expenses of the students at this College.

If we can retain our present corps of instructors, we shall be able to meet the demands upon us. Their present salaries are entirely too meagre, and unless they are increased, we cannot expect to require the amount of labor now done by them, and retain their services. Our Board of Trustees bear testimony to the herculean work of those who have composed our faculty the past year. Professors LEWIS, GAILLARD, BECK, HALL and LAWSON have worked unceasingly in their several departments, and the classification and government of the students is far better than at any previous time. Miss MATTIE BOYD presided over the Primary department until last Christmas, when she resigned. She gave great satisfaction as a teacher, and her resignation was regretfully accepted by our Board. We have secured the services of Mrs. E. A. BIVINS, in the Primary department. She has made us a faithful and competent teacher on a salary so small as to cause us great mortification.

The demand upon us for teachers to take charge of the State schools has been considerable. Last fall upwards of fifty of our pupils found employment in the State schools as teachers, and instructed over four thousand children. Impressed with the importance and necessity for suitable teachers in our common schools, we have given every inducement to young men and young women to prepare themselves for this work. The sums received by them from their patrons, and from the State, enabled the great body of them to return, in January last, and prosecute their studies until the close of the session. The General Assembly of Georgia, at its last session, by statute, established a Normal department in the College, and, while we have not been able to carry out the design of the Legislature, (because the appropriation for that purpose was stricken from the bill), we have, nevertheless, continued to prepare as many of our pupils for the work of teaching as we could. We expect, at no distant day, to make the Normal department of this College a great blessing to the State. Under the law referred to, we have the power to send teachers to remote school districts, and thus secure the blessings of education to portions of our State where, from ignorance and poverty, and scarceness of population, it has been impossible to secure the presence of well-informed and capable schoolmasters. The

mission feature in this scheme should commend itself to all the friends of education in the State.

The only appropriation made by the State the past year was \$1,500, which was intended solely for the payment of freights on arms, etc., repairs on building, armory, and enclosing parade ground, as well as the purchase of additional seats.

DIPLOMAS AND DEGREES.

It was apparent last year that, unless this College could confer diplomas and degrees upon such students as might finish a thorough course of studies, we should lose quite a number of our more advanced pupils. Owing to the increased cost of living at Athens, (if transferred to the State University), a number had determined upon seeking admission into institutions of learning outside the State, where they could graduate and receive diplomas. In order to meet the necessities of the case, it was determined to have our charter amended, and make clear what was deemed a little obscure in the original charter, empowering us to grant degrees and diplomas to our graduates. These diplomas are to be as the *imprimatur* of the State University. This amendment to our charter does not affect, in any manner, the understanding heretofore arrived at between your Board and ours on this subject.

Your Board, in January last, appropriated the additional sum of \$500 to this College, but it was coupled with the condition that it should be paid to ushers, who might be employed by the President of the Faculty. The reason for our late repeated requests to your Board, and to its individual members, for aid, was not so much to employ additional instructors—although greatly needed—as to pay those already employed. For this main reason we sought to have the appropriation changed, that we might discharge existing liabilities, and retain the teachers already employed. In this we failed for want of power in your Treasurer, as he informs us, to make the change without the express consent of the Board. This consent we hope you will give at your first meeting, and authorize its payment to our Board for the purposes for which it was originally asked.

The time has now arrived when your Board should definitely settle the question as to how much of the Land Scrip Fund shall be given annually to this College. To make this College what it ought to be and might be, not less than one-third of the whole amount should be given, to-wit: about \$5,000. This sum is less, by \$3,000, than the State gives to the Atlanta University—a school for colored children—where the number of pupils does not exceed the number taught at this College. Without this legitimate aid, after the close of the present session, we shall be forced to dismiss some of our teachers, as well as to diminish the attendance of pupils. This is not desirable, and ought not to be allowed; but our individual means can no longer be advanced for the

purpose of sustaining our teachers. Help must come from some other quarter. We desire you to consider this matter before your meeting in July, and before your means are exhausted for other purposes, and in other directions. This appeal to your fostering care ought not to be made in vain. Upon this subject, we beg to refer you to the report of Messrs. B. H. Hill and J. A. Billups, (your Committee of 1874,) to the annual reports of Chancellors Lipscomb and Tucker, both of whom made annual official visits to the College, as well as to the recommendation of Bishop Pierce, in his letter to your Board last summer.

We should, at all times, be glad to receive visits from members of the State Board of Trustees, as well as from the Faculty of the State College and University. These visits would produce beneficial results.

Respectfully submitted.

W. P. PRICE,

President Board of Trustees.

COURSE OF STUDY.

V. CLASS.—PREPARATORY.

LATIN.—Harkness' I. and II. Latin books.

GRAMMAR AND HISTORY.—Holmes' English Grammar; Stephens' History.

MATHEMATICS.—Sanford's Higher Arithmetic; Robinson's Elementary Algebra.

NATURAL SCIENCE.—Maury's Geography; Hooker's Natural History.

IV. CLASS.—FRESHMAN.

LATIN.—Cæsar; Virgil; Cicero; Arnold's Prose Composition.

GREEK.—Harkness' First Book; Greek Reader.

MATHEMATICS.—University Algebra (Robinson); Geometry; Trigonometry.

NATURAL SCIENCE.—Cutler's Anatomy; Norton's Natural Philosophy.

III. CLASS.—SOPHOMORE.

LATIN.—Horace; Livy; Sallust; Arnold's Latin Prose.

GREEK.—Greek Prose Composition; Anabasis; Homer.

MATHEMATICS.—Trigonometry; Surveying; Church's Anal.; Geometry.

NATURAL SCIENCE.—Maury's Physical Geography; Norton's Physics.

II. CLASS.—JUNIOR.

LATIN.—Cicero de Oratore; Juvenal; Latin Prose Composition.

GREEK.—Arnold's Greek Prose Composition; Herodotus; Xenophon; Memorabilis.

MATHEMATICS.—Smith's Descriptive Geometry; Shade, Shadows and Perspective; Calculus.

TACTICS.—Upton's Infantry Tactics.

METAPHYSICS AND RHETORIC.—Mental Philosophy; Mental Phil.; Rhetoric.

NATURAL SCIENCE.—Roscoe's Theoretical Chemistry; Harcourt's and M.'s Practical Chemistry.

I. CLASS.—SENIOR.

LATIN.—Arnold's Latin Prose Composition; Perrius; Ancient History.

GREEK.—Prose Composition; Alcestis of Euripides; Antigone; Prometheus; Vincius; Æschylus.

APPLIED MATHEMATICS.—Parkinson's Mechanics; White's Astronomy.

TACTICS.—Ordinance and Gunnery; Grand Tactics.

LOGIC AND GEOLOGY.—Logic; Dana's Geology.

NATURAL SCIENCE.—Agricultural Chemistry; Harcourt's and M.'s Practical Chemistry.

LECTURES.

During the Spring Term, the Chancellor of the State University makes official visits, and delivers a course of lectures to the students, on various branches of learning. These lectures are of *great* benefit to the pupils of the Institution.

FALL SESSION.

The next Fall Session—which is the beginning of the scholastic year—commences on the first Monday in Septemeer, 1877, and continues, without interruption, until the first of February, at which time the Spring Term begins.

ENDOWMENT FUND.

The Institution has three thousand dollars invested in eight per cent. Georgia bonds—being a portion of the donation made by Col. W. P. Price. The remainder of the fund (\$1,200) was invested in real estate, and used in repairs on the building. It also has a subscription to said fund of nearly two thousand dollars, which will be increased, from time to time, by friends of the Institution. The above bonds are in the hands of the State Treasurer, for safe keeping.

PREPARATORY DEPARTMENT.

This department is intended to afford a thorough preparation for those who design entering the Collegiate department. It is under the direction of the Faculty of the College. Students in the College proper, are allowed to review and make up any study in which they may be deficient.

ADMISSION FEE.

No tuition fees are exacted of any student. An admission fee of five dollars, each term, is paid by those who are not in indigent circum-

stances. These are furnished with cards of admission by the Relief Committee. Just as soon as our means will allow, it is the design of the Board to require no fees whatever. The admission fees go entirely to defray the expenses of wood and repairs on the building, as there is no fund from which to meet these demands.

THE PEABODY FUND.

This College has failed, for the past two years, to receive the annual appropriation of \$450, from the above fund. It has not been withdrawn, but we presume that the Trustees have been unable, from lack of funds, to make their usual donations. We should be glad to continue to receive the generous donations from this source, and, instead of applying it to the pay of teachers' salaries, to use it in preparing young men and women to teach in the State schools.

APPARATUS.

A valuable Philosophical and Chemical Apparatus, as well as useful and instructive Astronomical Apparatus, have recently been purchased in Philadelphia, and are now in use in the Department of Natural Science.

SOCIETIES.

Two Literary societies have been organized in the College, to-wit: The Price Debating Society, and the Decora Pelaestra Society. These Societies have done much towards the improvement of the young men of the College. The young ladies of this Institution have, likewise, a society, composed of their number, which is called the Corona-Hedera Society.

GOVERNMENT.

The following rules have been adopted for the government of the School, and others will be added when deemed advisable :

1. Whilst the school is in session the students are under the direction of the President, aided by his associates in the Faculty.

2. Pupils may enter the College at any time during the session, but it is advisable that they should enter at the beginning of a term. The reasons for this rule are too many and obvious to be repeated.

3. Every pupil is required to attend the opening exercises every morning, or to be marked for neglect or tardiness, unless excused.

4. The Holy Bible shall never be excluded from among the books that are used in the Institution.

5. As divine service is held nearly every Sabbath in the year in the churches of the village, it is expected that each student will attend divine service at least once every Sabbath; and for irreverent behavior while attending church, shall be suspended, or otherwise punished according to offense.

6. Regular attendance upon recitations is so important that none will be excused, except where necessity will justify their absence.

7. No pupil shall be allowed to leave before the close of the session, except upon the request or permission of the parent or guardian.

8. No student shall be received of known immoral habits, nor where they have been expelled from other institutions, except upon satisfactory evidence of reformation, which will be determined by the Board of Trustees.

9. Strict attention to study, and punctuality in attendance on lectures, recitations and other duties, will be made the *condition* of every student's continuance at the College, except where they are broken off by the requirements of the farm or other home demands. During their stay within the town, no student will be allowed to devote the hours of study in idleness and vagrancy.

10. Students are required quietly to take their places in the Recitation Rooms at the appointed times; to attend closely to the exercises of the hour,—not whispering, or communicating in any manner with each other—and, when the exercise is over, to retire in a quiet and respectful manner. Each instructor, in calling the roll, is required to mention the absences against students who are then present, and if no excuse is given by such students before they leave the room, it is regarded a wilful case of absence, to be reported to the President.

11. The habit of contracting debts at stores—except for necessary books and stationery—is strictly forbidden, unless with the knowledge and permission of parent or guardian.

12. The use of spirituous or intoxicating liquors, is strictly forbidden, nor shall pupils be allowed to have it in their rooms, or visit bar-rooms. The violation of this rule will be attended by immediate suspension by the President, who shall refer the case to the Board of Trustees for further action.

13. A student who shall offer or accept a challenge to fight, or in any way aid, abet, or promote a duel, or upbraid another for declining to fight, shall be expelled.

14. Pupils are prohibited from entering into combinations, under whatever pretext, for the purposes of disturbance. Any one engaging in riotous conduct, or becoming a party to an agreement to hold no intercourse with a fellow-student, or to do any act to the prejudice of good order and gentlemanly bearing, shall be suspended, or expelled, according to the aggravation of the offence. Propriety of behavior is enjoined upon students at all times and places.

15. No pupil will be allowed to play cards, or bet, or wager money, or any other thing of value, upon games of chance.

16. All pupils are prohibited from carrying, or having in their possession, *deadly weapons*; and any one drawing, or using, such weapons against another, will be expelled.

17. Profane swearing, or corrupt language, and defacing the walls, will receive prompt punishment. And all offences against good morals, and all irregularities, or neglects, to the prejudice of good order and gentlemanly bearing, though not herein enumerated, will be taken cognizance of, according to the nature and degree of the offence.

18. Cleanliness is strictly enjoined, and it is expected in every instance that male students will wait upon themselves, polish their own shoes, dust their own clothing, and make their own fires. Young ladies, whether boarding at the institution, or in families in the village, will be expected to keep their rooms in perfect order, and to perform all other domestic duties that may properly fall upon them to do. These things are enjoined and expected, because one of the prime objects in view is to teach the young men and young ladies of the country the importance of self-reliance and self-dependence.

19. No student shall be allowed to engage in any concerts, charades, exhibitions and minstrelsies. Nor shall any student, while connected with the institution, be allowed to attend balls, or loiter about places of dissipation, nor attend circuses, without the consent of the parent or guardian.

20. All damage to the college building, breaking of seats or window-glass, shall be immediately repaired by the pupil committing the same, or by his or her parent or guardian. On failure to repair or pay for the same, the pupil shall be expelled from the school, and not allowed to re-enter again until the amount is paid, or damage repaired.

21. No student is allowed to discontinue his connection with the college before the term is out, without the express consent of his parent or guardian, which consent shall be filed with the Faculty. In the case of non-resident students, they will be under the jurisdiction of the Trustees until they leave the town. Where a pupil absents himself without leave, his name will appear in the catalogue as **EXPULSED**.

22. No male student shall be excused from the rules governing the military department of the College, except for physical disability.

EXPENSES.

Students can readily find board in good families for \$10 to \$12 per month. Should young gentlemen prefer messing together, favorable opportunities will be afforded them, where they can doubtless live upon five dollars per month.

A number of houses and cottages can be rented at reasonable rates, ranging from \$2.50 to \$5.00 per month.

AN ACT authorizing the Secretary of the Treasury to convey the United States Branch Mint at Dahlonega, Georgia, to the Trustees of the North Georgia Agricultural College for educational purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be, and is hereby, authorized and directed to convey to the Trustees of the North Georgia Agricultural College, located in the town of Dahlonega, Georgia, the building known as the United States Branch Mint at Dahlonega, and the ten acres of land connected therewith, located on the lot of land number nine hundred and forty-nine, in the 12th district and first section of Lumpkin county, said conveyance to be made by the Secretary of the Treasury so soon as he is assured that said Trustees have been properly incorporated by the laws of Georgia, and on the express condition that said building shall be used exclusively for educational purposes, and in conformity with the provisions of the act entitled, "An act donating public lands to the several States and Territories which may provide colleges for the benefit of agricultural and mechanic arts."

Approved April 20, 1871.

LOCATION.

Dahlonega is the county site of Lumpkin county, a village of six or seven hundred inhabitants, exclusive of students of the College. It is twenty-five miles by stage from Gainesville, on the Richmond and At-

lanta Air-Line Railroad, and about seventy miles north of Atlanta. It lies in the centre of Northeast Georgia, fifty miles from the State lines of Tennessee, North and South Carolina. The mountains lie all around and about the place, rendering it one of the most beautiful and romantic places in the South. Fine free-stone water abounding everywhere, and mineral springs within easy walk of the College building, that are regarded by eminent physicians and chemists as containing medicinal properties for the cure of many of the diseases which afflict residents of the low country, to-wit: chills, fevers, and malarial diseases generally, and are specially recommended for rheumatism and dyspepsia. There are three churches in the place—Methodist, Baptist and Presbyterian. Two Sabbath-schools are regularly kept up. The *Signal and Advertiser* is published weekly in the place. Its columns are always open for the publication of original compositions by the students, and will, from time to time, contain useful information concerning the College, its experiments, examinations, etc. There is a Masonic Lodge in the place, a flourishing Temperance organization, and a lodge of the Knights of Honor. There is, also, a flourishing body known as the Young Mens' Christian Association.

Students, on their arrival at Gainesville, will take the daily hack line for Dahlonga, the fare being \$2.50.

OBJECTS.

The educational intelligence afforded by this institution has especially in view the preparation of the pupil—

1. For the business and for the enjoyment of practical *home* and *farm* life.

2. For the higher classes in the University of Georgia.

3. For the profession of teaching, and as a passport to the same, *Certificates of Proficiency* in the studies of the several departments, and of qualifications to teach, will be granted by the Trustees to students, showing diligence, aptitude and progress in their education. The Faculty, by express authority of the Legislature, can grant licenses to the students of this institution to teach in the State schools without further examination.

CLOTHING AND DRESS.

In preparing clothing for pupils, the Board especially enjoins on parents to prepare, for every-day wear, such articles as can be made at home by every skilful mother and housewife. For Sunday wear, the parties will be governed by their means and tastes.

LIBRARY.

The institution has only a limited number of volumes at this time. Generous contributions have found their way to the College during the past year, which we trust will be largely augmented in time. To make up this deficiency, the large and valuable library of President Lewis, equalled by but few, if any, private libraries in the State, has been generously thrown open to the use of students during the past year, for which the Trustees feel profoundly grateful. The privilege of his library has been of immense benefit to the school.

We shall be pleased to receive contributions of books, pamphlets, rare old papers, and pictures of prominent authors, statesmen, educators, divines, lawyers, physicians, artisans, musicians, as well as those who distinguish themselves in any other of the honorable pursuits of life. These will have a conspicuous place assigned them in the College.

A FEATURE,

DISTINCTIVE, VALUABLE, UNEQUALLED.

This Institution has a *place for a pupil of any grade of scholarship, from the first term or class of the Primary department, through the Senior class of the Bachelor of Arts course*, hence the value to families. Parents, with sons and daughters, from five to twenty-five years of age, do come and take up their residence here for these advantages, and thus enjoy, while their children are being educated, the blessings of a family with all at home—freedom from anxiety for children sick at a distant boarding school—the influence of home and of parents, valuable to sons, essential to daughters—and the influence an unconscious education of the younger pupils, which is derived from their observation of the manners, the proper language, the propriety of dress, which they daily witness in the older and better cultivated pupils, and the attention, and assistance, and protection, which older brothers and sisters can give to the younger when in the same school.

NORTH GEORGIA AGRICULTURAL COLLEGE.

An Act to establish a Normal Department in the North Georgia Agricultural College at Dahlonega, and to more efficiently provide for the Military Department of the same, and for other purposes.

SECTION 1. *Be it enacted by the General Assembly of the State of Georgia*, That as soon after the passage of this Act as practicable, the Board of Trustees of the North Georgia Agricultural College shall be required to organize more fully and efficiently a Normal Department in said college. Said Board of Trustees shall, in connection with the State Board of Education, adopt such rules and regulations as may be necessary and proper for the free admission of such pupils, male and female,—not less than one from each county,—as may express the desire and intention of following the business of teaching. The object being to provide, as early as possible, a sufficient number of capable and efficient teachers for the common schools of the State, and to provide others, as may be demanded, from time to time. Said Board of Trustees shall have power, under terms agreed upon before the admission of pupils to this department, with consent of the parent or guardian, to send said pupils during the fall months to teach remote schools not otherwise provided for.

SEC. 2. *Be it further enacted by the authority aforesaid*, That said Board of Trustees shall be authorized to contribute to the support of such teachers as may be sent to remote school districts, from any funds in their hands, not otherwise specially appropriated, such sums of money, which, taken with such aid as may be secured from patrons, as will enable them properly to subsist while so engaged; but nothing contained in this section shall authorize the schools so taught to be kept for a longer period than three months in any scholastic year. Said Board of Trustees are also authorized to provide room rent free to such pupils while attending the Normal Department, and such other aid as will enable such pupils to subsist upon the most economical plan. And the certificates of proficiency and licenses to teach, which may be granted by the faculty of said college to such pupils as may be found to be qualified to teach, shall be countersigned by the President and Secretary of the Board of Trustees, and bear the seal of said institution; and the persons holding such certificates and licenses shall not be required to undergo an examination, or procure a license from any Board of Education or County School Commissioner, before they can teach in any of the common schools of the State, where they are employed by the patrons of the school.

SEC. 3. *Be it further enacted by the authority aforesaid,* That in addition to the office of instructor in military tactics, (now filled by an officer of the United States army without cost to the State,) the Board of Trustees of said institution shall elect an assistant instructor, and both these officers shall be members of the faculty of said college, and in addition to their duties in the military department, shall discharge such duties in any of the other departments as may be assigned to them by the faculty, or, upon disagreement by the faculty, such positions and duties as may be assigned them by the Board of Trustees.

SEC. 4. *Be it further enacted by the authority aforesaid,* That the salary of the assistant instructor in military tactics shall not exceed the sum of one thousand dollars per annum, and no person shall be elected to said position unless he is a graduate of a college, and capable of instructing in the modern languages, engineering, and higher mathematics.

SEC. 5. *Be it further enacted by the authority aforesaid,* That in order to accommodate the increased number of pupils in the various departments of the schools with seats, to pay the freight on arms, accoutrements, and two pieces of artillery, from the government armory at Springfield, Massachusetts, and to enclose and improve the parade ground of said college, and provide rooms and a mess-hall for students in the Normal Department, the sum of fifteen hundred dollars is hereby appropriated, to be paid on the order of the President of the Board of Trustees.

SEC. 6. *Be it further enacted by the authority aforesaid,* That it shall be the duty of the President of the Board of Trustees and the faculty of said college, to annually transmit a detailed report of the operations of said college to the Governor of the State, and a copy of the same to the State School Commissioner, on or before the twentieth day of December of each year.

SEC. 7. Repeals conflicting laws.

Approved February 28, 1877.

SPRING OF 1877.

CONDENSED CATALOGUE
OF
GREENHOUSE AND BEDDING PLANTS,
OF THE
FRUITLAND NURSERIES.

P. J. BERCKMANS, PROPRIETOR,
AUGUSTA, GEORGIA.

Full Descriptive Catalogue will be mailed free on application.

We invite attention to our very large stock of Plants, which is the most select and extensive in the Southern States. A comparison of our prices with those of the leading Florists of the North and Europe is requested. Our facilities for producing large quantities of healthy plants are ample, and we therefore are enabled to offer our plants at prices unusually low.

NO CHARGE FOR PACKING.

TERMS CASH. Remittances can be made by Express, Draft, Postal Order, or Registered Letters. Money sent by mail, in ordinary letters, is always at sender's risk.

If selection is left to us, we can doubtless make it to the interest of our customers, and the utmost liberality practiced in quality and quantity of plants. Plants by mail of such classes only as will bear this mode of transportation. Postage 10 cent, per pound extra.

Select Bedding Plants.

Prices refer to plants grown in two and three inch pots. Larger sizes at proportionately increased rates.

We furnish the following **COLLECTIONS**, selections left to us:

100 Bedding Plants, all distinct, of best classes, \$8.

50 Bedding Plants, all distinct, and of best classes, \$4.

1,000 Bedding Plants, all distinct, of best classes, \$60.

Prices, unless specially noted, 15c. each, \$1.50 per dozen.

ACHILLEA, two varieties.

AGAVE, two varieties, 25 and 50c.

ALOYSIA, Lemon Verbena.

AGERATUM, four varieties, 10c.

ANEMONE—Japonica, two varieties.

RAMBUSA—Japonica.

BOUVARDIAS, four varieties, 25c.

CANNAS—Indian Shot, forty varieties.

CESTRUM, four varieties.

CUPHEA, three varieties.

CHRYSANTHEMUM, seventy-five varieties.

DATURA.

GAZANIA.

HELIOTROPE, twelve varieties.

HYDRANGEAS, ten varieties, 25c.

LANTANA, twenty-five varieties.

MESEMBRYANTHEMUM, or Ice Pink, six varieties.

NIEREMBERGIA, two varieties.

PLUMBAGO, two varieties.

PANSIES, until April 1st, finest strains, \$1 per dozen.
